# LARGE MOBILE WORKSTATION WITH VERTICAL SURFACE MOUNT

| Placement | Description | Weight | Height | Width | Depth |
|---|---|---|---|---|---|
| Attaches to the floor, between the seats of most common vans and trucks | Complete Large Mobile Workstation with Vertical Surface Mount | 67 lbs | 15.2" to 17.7" | 15.0" | 18.1" |

## Workstation Features:

- Heavy gauge steel construction for long-term durability
- Black powdercoat finish for maximum corrosion resistance
- Contains locking storage for supplies and devices
- Includes attachable convenient clipboard holder
- Larger handle to allow easy opening or closing of door
- Mounting holes on the front accommodates computer mounting brackets
- Box attaches separately to mounting legs which allows for easy installation and quick removal of the workstation from the vehicle
- Attaches to leveling feet that will adjust to vehicle floor variations
- Can be used with *MCS Vehicle Legs* and either of the new *MCS Top Plates* (Item No. 7160-0085 or 7160-0086) for a no drilling option)

## Vertical Surface Mount Features:

- Heavy gauge steel construction for long-term durability
- Black powdercoat finish for maximum corrosion resistance
- Allows a computer to be mounted in front of the box without obstructing access to the storage compartment
- A computer can be mounted on top of the workstation by using a **Motion Attachment** (Item No. CLEVIS 0-90T), any *Upper Pole* and any Gamber-Johnson *Cradle* or *Docking Station*

Item No. **7160-0105**
